

## **HASTINGS BOROUGH COUNCIL ARCHIVE**

**John Frost**

An acquaintance of mine has been researching the archives of the Hastings Borough Council and has noted that on 21<sup>st</sup> March 1917 authorisation was given to pay Waterlow and Sons £65-7s-3d for “perforated postage stamps”. He assumes that this is for perfinning of stamps. Could any member comment on what would have been the likely die.
